- **Volunteer** your skills to the Coalition Opposing New Gas Stations to stop this project

This may be the very last proposal for a new gas station in Sonoma County – EVER. Since 2019, CONGAS has stopped several gas stations and has played a key role in the county and 6 cities in the county permanently banning new gas stations. This is the last project that slipped in because it was already “in the pipeline.” The permit can be denied on April 10. Let's make sure that happens!
